Generally Admitted That Men  
Were Forced to Ride With  
Outlaw Bands.

GOV. PATTERSON VERY ACTIVE

Charged With Exceeding His Authority  
in Ordering Out Militia to  
Make Arrests.

Chap. Tenn., Nov. 6.—Nine alleged "night riders" were taken to Union City today under the charge of Capt. Cappel of Memphis, with a guard of 12 men. Col. Tatum's instructions were: "Get them there dead or alive."

John Corran stated today that he was a "night rider" by compulsion. It is generally admitted that a number of men were forced to ride with the outlaw bands.

Frank James, one of the prisoners, said today that he was a distant relative of Frank James, the famous outlaw.

GOVERNOR ACTIVE.

Union City, Tenn., Nov. 6.—Eleven prisoners, held in connection with night rider depredations in the Nashville region, were brought into Judge Jones' court here today under heavy military guard. They had sued out writs of habeas corpus charging that Gov. Patterson had violated his constitutional authority in ordering out the militia to arrest them. Atty. Pierce, for the defendants, stopped proceedings, however, by a motion, which was granted, that he be allowed to consult privately with his clients, a privilege which had been denied him at the military camp. Court adjourned until tomorrow.

ORGANIZER ARRESTED.

Memphis, Tenn., Nov. 6.—W. J. McKelton, a father of Plain Point, who the federal authorities assert has been endeavoring to organize a band of night riders, was brought to Memphis today, and in default of \$5,000 bond was remanded to jail.

Carson City, Nev., Nov. 6.—A peculiar accident today resulted in the death of Mrs. Robert Smith. She and her husband were burning leaves in their yard, when the husband was hemmed in by fire. The wife, in the endeavor to assist him, passed over the flames and her clothes took fire. She was immediately wrapped in flames and died from the burns within an hour. Mrs. Smith held a small child in her arms, but the infant was not injured.

## The Pills That Cure Sciatica

That sciatic rheumatism can be cured by the use of Dr. Williams' Pink Pills is evidenced by the case of Mrs. Stewart McEwan, of Fort Hunter, Pa. She says:

"For five months I was under a doctor's care, suffering from what he termed chronic sciatic rheumatism. The disease settled in my hips and knees and I suffered intense darting pains. So severe was the pain at times that I would have to cry out, and sometimes I was perfectly helpless. My limbs were so sore that I was unable to bear the weight of the bed clothes over me. I was extremely nervous, had no color, and did not seem to have much blood. I had no appetite and food caused me great distress. I was constipated and suffered constantly from a dull throbbing headache."

"I had no strength and was reduced in flesh until I was a mere skeleton. As the doctor could not help me, I decided to try Dr. Williams' Pink Pills, which were recommended by an aunt. After using the pills a short time I noticed a decided change for the better, and I kept on with them until the rheumatism left me entirely."

husband deserted her six years ago

while they were living in England, went to Halifax, Nova Scotia, and from there to Montreal and that there was no cause for the desertion. Following the desertion she alleges that she and her little daughter, Ghita Louise Isle, now 10 years of age, followed her husband to Montreal, where they discussed the family trouble, and that at that time her husband said he would support the child and pay for her education, but that he would no longer live with her. Since that time they have lived apart.

## LONG FLIGHT OF BALLOON PITTSFIELD

Lumburg, Mass., Nov. 6.—After passing over 90 miles of country, in the heart of the Berkshires, the balloon of this afternoon, with William Van Sleet of New York as pilot, and William C. Hill of Boston as passenger, came to earth safely three miles east of this village early this evening. The balloon passed at one time through a severe snowfall, and, later, above the storm clouds to a height of 5,000 feet, where the sun and moon were plainly visible west and east, while the storm raged below.

## EMPEROR WILLIAM VISITS EMPEROR FRANCIS JOSEPH

Vienna, Nov. 6.—Emperor William of Germany arrived at the castle in Schoenbrunn, a suburb of Vienna, this evening on a brief visit to Emperor Francis Joseph. The coming of William is regarded as a demonstration of German good will toward the Austrians, and the public turned out in large numbers to cheer his majesty. There was a private dinner party at the Schoenbrunn castle this evening, at which those present included the two emperors and their suites and the foreign ambassadors. No toasts were proposed. Following the dinner Emperor William had a long talk with Baron von Aehrenthal, the Austro-Hungarian minister of foreign affairs, and later with Emperor Francis Joseph. Emperor William left at 9 o'clock for Donaueschingen for a hunt as the guest of Prince Frustenberg.

## KING EDWARD MAKES OLD WAR VETERANS HAPPY

Victoria, B. C., Nov. 7.—King Edward has delighted a group of half a dozen veterans of the British Campaigners' association, formed of men who have seen service under the British flag, by sending a personal cablegram to each of them on Thursday night to the king. The veterans who 50 years ago took part in the battles of Inkermann, Al-Balaclava and Sebastopol, at the dinner to celebrate the anniversary of the Inkermann, sent a cablegram reading:

"Crimean veterans assembled to celebrate Inkermann anniversary send loyal greetings."

King Edward replied:

"I thank you for your sincere thanks to the Crimean veterans of the British Campaigners' association for their message of loyalty, which my majesty greatly appreciates."

## EARTHQUAKE IN GERMANY.

Plauen, Germany, Nov. 6.—The most violent earthquake ever experienced here terrified the inhabitants of the city at 5:40 o'clock this morning. Houses were shaken and the people fled panic-stricken into the streets. The shock, which lasted for several minutes, was accompanied by sharp explosions and thunderous rumblings in the earth. Sixty or seventy earthquake shocks have been felt here daily for the past week. They are now becoming less frequent, but more violent. The temperature of Medicinal Springs vicinity has increased 15 degrees.

## CHARLES F. MURPHY DENIES TREACHERY

Tammany Hall Leader Says That  
Bryan Was Loyal  
Supported.

PLENTY OF PROOF OF THIS

But Before the Convention Democratic  
Chiefs Knew Bryan Could Not  
Carry New York.

New York, Nov. 6.—Charles F. Murphy, leader of Tammany hall, dictated a statement tonight in which he denied specifically that Tammany Hall did not support Bryan.

"It is silly to accuse Tammany Hall of knifing the national Democratic ticket, taking all the circumstances into consideration," said Mr. Murphy. "Many persons who are making the charge know better, but hope to make political capital at Tammany's expense."

"There is plenty of proof that Tammany was absolutely loyal. The fact that the Democratic candidate on the national ticket received less than the normal Democratic majority in New York is proof enough in itself that Tammany was not in any way responsible for the Bryan slump. The county ticket suffered because of Bryan's weakness."

"Before the convention we knew Bryan could not carry New York and there was nothing to change this belief. Bryan ran so far behind here just because the people were against him."

"I notice that Ohio and Indiana and Minnesota elected Democratic governors, but Bryan lost them, and I have not heard any charges of treachery to Bryan there. And in Erie county, where Mr. Mack is a leader, I notice the county went for Chandler by a good majority, but Bryan could not carry it. I have not heard anybody charge Mack with treachery."

"There is no treachery. The whole result was due only to Bryan's weakness and the strength of Taft, which pulled Hughes through."

Mr. Murphy also commented on the charges of treachery made against Tammany by Raymond Robins of Chicago. Mr. Murphy said he had written a letter to Mr. Robins to prove his charges.

## FRANK SEMPLE DEAD.

## PREST-ELECT TAFT OFF FOR A GOOD REST

Cincinnati, O., Nov. 6.—President-elect William H. Taft, Mrs. Taft and Fred W. Carpenter, secretary, left this city tonight at 9:10 o'clock for Hot Springs, Va., where Mr. Taft will remain for rest and recreation until Thanksgiving.

The day has been the quietest for the president-elect of any he has had since election. He had a conference with Myron T. Herrick, but states afterwards that no matters of significance were discussed.

Judge Taft today sent this cablegram to Gov. Magoon at Havana: "Please convey to the family of President McKinley our sincere condolences. He was an honored man, a true patriot, who understood the values and the responsibilities of liberty and who loved Cuba with all his heart."

The offices of Mr. Taft were dismantled here today and will be established at Hot Springs.

While no official announcement has been made, it is known by reliable authority that Fred W. Carpenter, who has been Mr. Taft's secretary for many years, will be his secretary after the president, succeeding in that position William H. Taft, Jr., also stated, may have the position of the secretary of the navy in the Taft cabinet if he so desires.

Mr. Carpenter was with Mr. Taft in the Philippine Islands and has been his secretary during the war department matters of importance, and after a leave of absence will rejoin Mr. Taft this fall.

## You! Dyspep- tics Read

What An Eminent Medical Man  
Says Dyspepsia Really Is.  
Then Gain Hope.

"This affection called Dyspepsia, is the greatest torment of civilized life, and is to be considered rather as an unnatural functional difficulty than as a structural disease."

The same authority has classified dyspepsia thus: "The first form due to relations with other organs which are in a morbid and unhealthy state, which is characterized as a reflex action, or such a type is the nausea and vomiting caused by irritation of brain, lungs, liver or uterus."

The second form is caused by scanty supply of gastric juice, made evident by slowness of digestion, long retention of food in the stomach, distress for a long time after meals, accompanied by weighty and uneasy feelings at pit of stomach, decomposition of food in alimentary canal causing fetid and foul gases and the appearance of undigested food in the evacuations from bowels."

The third and last form of dyspepsia, according to this renowned medical light, is that which accompanies some abnormal quality of the gastric juice, combined with a partial paralysis of the stomach's muscles so that this organ cannot sufficiently mix the food with the digestive fluids."

Stuart's Dyspepsia Tablets will remedy each condition of a stomach afflicted with dyspepsia as above described. These tablets contain digestive agents which act with or without the aid of the stomach. One grain of an ingredient used in these tablets will digest 3,000 grains of food, and if necessary will do it in a glass vial so that the digestion can be seen by the human eye."

They help the stomach, enrich the blood, revitalize the gastric juices, give strength to the alimentary nerves and glands. They are recommended by every druggist and 40,000 physicians who use and prescribe them. Get a box today from any drug store—price 50c or send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

## EQUAL RIGHTS FOR ALL.

Washington Hotels and Cafes Must  
Treat Negroes Same as Whites.

Washington, Nov. 7.—A decision was rendered by Corporation Counsel Thomas yesterday that hereafter hotels, restaurants, cafes, ice cream saloons, places where soda-water is sold, and barber shops in the District of Columbia will be compelled to serve colored persons in the same room and at the same price as white persons. The old plan, it is said, will be restored and undesirable patrons driven away by charging prohibitive prices. If a negro should find this the favorite colation room of upper-tendency and merely ask for a cup of coffee, he will be politely informed that the beverage will cost him \$2.35. If he wants a plain steak he will be notified in advance that the check will be \$1.50 and with onions \$16.25. The courts have sustained such tactics.

CHARLEY SCHWAB CLOSES  
HIS NEW YORK PALACE

New York, Nov. 7.—Charles M. Schwab, president of the steel trust, closes his \$7,000,000 New York mansion today. He discharged all of his 50 servants, announcing that he no longer could afford to keep the great palace open.

He said he would make his permanent home in Bethlehem, Pa., where he can attend more closely to his duties as president of the Bethlehem Steel company.

GEN. WESTON'S HEALTH POOR.

Manila, Nov. 7.—The health of Maj. Gen. John F. Weston, commanding the division of the Philippines, has become a matter of such concern that unless his condition is improved he will probably request the war department at Washington, to relieve him of the command and depart for San Francisco, by the transport leaving in December. Maj. Gen. Weston has been slightly ill during a period of several months, but has bravely remained at his post in the hope that he would be able to serve out the period of his assignment to the division, which expires in June, 1909. It is expected that he will consult physicians and unless they hold out the hope of an early recovery, will immediately make application to the department for relief.
